### RVX GEAR CONTAINED

#### MULTI US 3300 BATTERY CHARGER

BY CTEK

The compact Multi US 3300 Battery Charger was designed for maintenance of any 12-volt lead-acid battery. The compact charger also provides quick re-charging making it ideal for seasonal RVs and trailers. Virtually foolproof to connect, the Multi US 3300 eliminates charging fears with its patented protection system that guards against sparks, short circuits and reverse polarity.

#### FUNKY COLORED FLAMES

BY WINDOW OUTDOORS EXPERIENCE

How many times have you gazed into a fire and thought to yourself, "If only that flame were a little fancier shade of purple?" Dream no more. Funky Colored Flames is the latest innovation in fun fire-side accessories. Simply place one packet of Funky Colored Flame on top of your campfire and wait five minutes and out of the blue, or purple, or green, you've got color. Easy to use indoors or out, the possibilities are endless, just like the color spectrum. All color packs last approximately 30 minutes and are perfect for every occasion.

#### EDITORS PICK VORTEX TRAILER HITCH TABLE AND VORTEX BLENDER

BY GSI OUTDOORS, INC.

We've seen a lot of great products in our day but the Vortex Trailer Hitch Table and Vortex Blender take fun to an entirely new level. The Vortex Blender is powered by a hand crank, and requires no outside electricity, so you can take it anywhere. The unique blender works for everything from adult beverages and smoothies for the kids to pancakes for breakfast. The base fits into the hitch making it a compact nine-inch unit that's easy to pack and store. The blender has a secure C-clamp that attaches to any table. And to help your tailgate party get going, Vortex makes a hitch-mounted table. Fully adjustable and compatible with any Class II receptacle, the Vortex Trailer Hitch Table holds the blender and provides a small work space. The table is textured for grip and can be used as a cutting board. This set up is perfect for tailgating, camping or a picnic.
