Funky Colored Flames

Funky Colored Flames

Funky Colored Flames is an environmentally-friendly, talk-inspiring product created by a unique mix of sulphates and chlorides that when thrown into a fire delivers a brilliant display of blue, green, and purple.

Whether used as a way to gather family for some outdoor fun or as a holiday season tradition, Funky Colored Flames is great for all occasions and can be used in indoor/outdoor wood fireplaces, small bonfires, campfires and backyard fire pits.

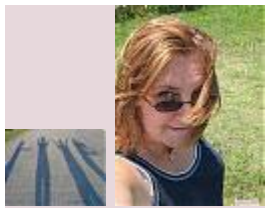

Funky Colored Flames is available at Walmart, Target, and Camping World's across the country.

I used to have a house with a fireplace. We used something to have the colored flames but I don't remember what it was called. Anyway, it was neat.

Be like a duck...calm on the surface and paddling like mad underneath.

will need to try them out this winter in my fireplace. The girls would [love](#) them...
I can hear them now..
thanks for sharing.
